Why Swinburne?

Swinburne University of Technology has been educating students for more than 100 years. We are a multidisciplinary, multi-campus institution with more than 47,000 students, including nearly 7000 international students from over 100 countries around the world.

Quality teaching

With a reputation for quality education and focused research, Swinburne attracts highly qualified academics and educational leaders. We have been awarded more five-star ratings in the 'educational experience' category than any other university in Melbourne by *The Good Universities Guide 2011*, including for teaching quality and graduate satisfaction. At Swinburne we help our students to become self-sufficient, resourceful and employable, by providing a challenging and supportive education environment.

Preparation for the real world

Our focus is on work-ready graduates. We maintain close relationships with employers to ensure our courses are in line with the future needs of industry, and give students opportunities to work on 'real-life' scenarios facing business and the community.

World-class education

Swinburne is ranked in the top 500 universities in the world in the prestigious Shanghai Jiao Tong Academic Ranking of World Universities. We are also the only Australian university invited to be a member of the European Consortium of Innovative Universities (ECIU), which aims to foster student and staff mobility and give students a competitive edge in today's global employment market.

A truly international institution, Swinburne has developed partner relationships with more than 80 universities around the world, and has been teaching at its Sarawak campus in Malaysia for more than 10 years. We encourage our students to undertake an international learning experience as part of their course.

A wide range of course options

Swinburne offers courses in both the higher education and vocational sectors. With qualifications ranging from Foundation Studies, certificates, diplomas, bachelor and master courses to PhDs, you can choose courses and pathways to suit your individual interests and career aspirations.

Modern and safe campuses

Swinburne has five campuses in the inner and eastern suburbs of Melbourne and one in Sarawak, Malaysia. We offer supportive, secure and peaceful environments with state-of-the-art multimedia lecture theatres, many brand-new buildings, well-stocked libraries, up-to-date computer labs and wi-fi connectivity, and accommodation on campus at Hawthorn and Lilydale, so our students get the most out of their studies.

FIRST-RATE FACILITIES

Swinburne has channelled significant investment into major refurbishments and new infrastructure at all of our campuses. The development of new buildings, renovation of existing buildings and landscaping have enhanced the study environment and education experience we offer our students.

Cutting-edge new buildings on campus include:

- The Advanced Technologies Centre (Hawthorn campus), featuring state-of-the-art laboratories and research and education facilities
- The George building (Hawthorn campus), housing student health and careers and employment services, study areas and a games room
- The National Centre for Sustainability and Environmental Design (Wantirna campus), built with innovative sustainability features

MORE FIVE STARS THAN ANY UNIVERSITY IN MELBOURNE FOR:

- ★★★★★ Teaching quality
- ★★★★★ Graduate satisfaction
- ★★★★★ Generic skills
- ★★★★★ Staff qualifications

The Good Universities Guide 2011

SUPPORT SERVICES

Swinburne has a number of support services available. Visit: www.international.swinburne.edu.au/student-life

Swinburne pathways

Offering courses from Foundation to PhD level, Swinburne makes it easy to pathway between different course levels and provides you with a supportive learning environment to help you adjust to study in Australia.

Foundation Studies

Foundation Studies, delivered by Swinburne College, is specifically designed for international students and can help you prepare – and meet the entry requirements – for bachelor degree studies. It gives you a chance to build up your skills and find out what you're good at – without the pressure of having to complete university-level study when you first arrive in Australia.

The scheduled course contact hours in Swinburne's Foundation Programs are made up of the classes students are required to attend and their examinations. Classes can include laboratories, design studio work and excursions depending on which Foundation Program students are undertaking.

We have Foundation Studies courses in business, design, information technology/ multimedia and science/engineering.

Once you have successfully completed Foundation Studies, you can progress directly to UniLink. Or, if you have achieved a credit average (65 or above) in Foundation Studies, you can choose to apply for direct entry into the first year of a bachelor degree.

Swinburne's Foundation Programs meet the requirements for Foundation Programs that have been registered on CRICOS for delivery in Australia to overseas students, providing an academic preparation for seeking entry to first year undergraduate study or its equivalent.

UniLink diplomas

UniLink diplomas provide a direct pathway to the second year of a bachelor degree at Swinburne. The units are similar to first year of a bachelor degree, but classes are smaller and you have more time with your teachers to help you adjust to study in Australia.

Swinburne offers UniLink diplomas in business, design, engineering and information technology.

English language courses

Swinburne's English Language Intensive Courses for Overseas Students (ELICOS), delivered by Swinburne College, give you an opportunity to learn from qualified teachers, practise your English with students from all around the world and prepare for entry to other Swinburne programs.

Our English language courses range from elementary to advanced levels. We have a new intake every five weeks, so you can start when it suits you. You will study for between five and 50 weeks, depending on your current level of English and whether you want to continue with further study.

You will typically spend 20 hours per week in the classroom, plus five hours of e-learning. The average class size of between 15 and 18 students means you will have a more personalised education experience.

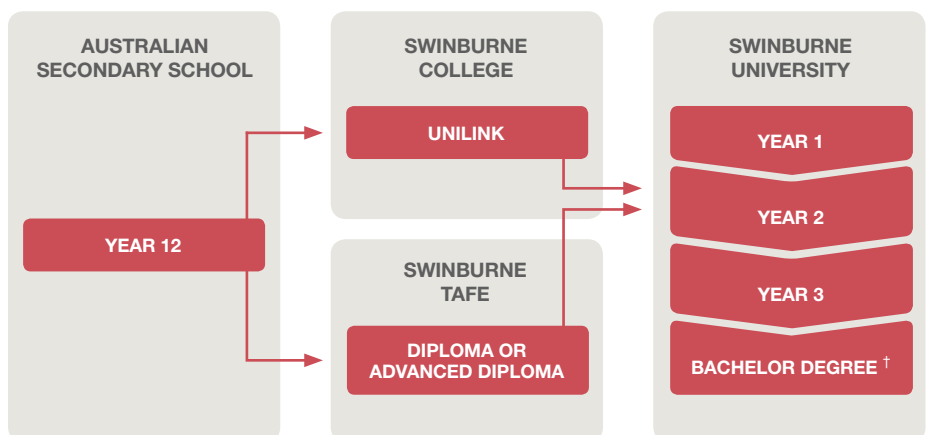

Find out more about ELICOS at: www.swinburne.edu.au/elicos

TAFE to degree pathways

Technical and Further Education (TAFE) diplomas and advanced diplomas offer independent learning with an emphasis on workplace and practical skills. TAFE diploma or advanced diploma graduates can pathway into a Swinburne undergraduate degree course, subject to academic performance requirements. The Swinburne pathways program allows you to gain the maximum benefit from your previous studies, whether at TAFE or university, within Australia or overseas. You'll receive credit for your studies, fast-tracking you into later stages of your chosen degree.

www.international.swinburne.edu.au/pathways

Pathways to a bachelor degree

Note: entry to a bachelor degree is subject to academic performance requirements. Credit exemptions will vary depending on the TAFE course completed.

† Engineering is a four-year degree.

Course fees

* The indicative course fees detailed in this publication relate to 2012 only. They are based on a standard study load per year. However, please note that fees are assessed according to a student's study load in each semester, and variation to study load will result in an adjustment to tuition fees. All fees are subject to annual review and may be adjusted.

Additional costs

Tuition fees do not include minor equipment costs that may be incurred as part of your course (e.g. statistics calculators, some design equipment, etc). Contact us via email at international@swinburne.edu.au for details.

NOTES

- Students in this course will study a minimum of four or six units at Prahran campus, depending on their chosen major.
- Students in this course will study at both Lilydale and Prahran campuses.
- September intake is only available to students progressing from Diploma of Business (UniLink).
- Students in this course will study at both Hawthorn and Prahran campuses.
- September intake is only available to students progressing from Diploma of Engineering (UniLink).
- Additional fees apply for flying school. See course description for details.
- Materials fee is approximately A\$2500.
- September intake is only available to students progressing from Diploma of Information Technology (UniLink).
- Students commencing in February will undertake the Certificate IV for one year, followed by the diploma for one year. Students who have already completed the prerequisite units from the Certificate IV can enter directly into the diploma. Students commencing in July or August will complete an 18-month program and will graduate with only the diploma.
- Materials fee is approximately A\$250.

* The indicative course fees detailed in this publication relate to 2012 only. They are based on a standard study load per year. However, please note that fees are assessed according to a student's study load in each semester, and variation to study load will result in an adjustment to tuition fees. All fees are subject to annual review and may be adjusted.

Online and off-campus programs

Swinburne offers online and off-campus programs that international students can undertake from a country other than Australia. For more details visit www.international.swinburne.edu.au/courses

NOTES

- (a) This is a postgraduate course accredited by Swinburne University and delivered by Swinburne's TAFE Division. All graduates will receive a Swinburne University of Technology award.
- (b) Current mode of offer: one year at Swinburne University (Australian fees apply, payable to Swinburne University), one year at Northumbria University (UK fees apply, payable to Northumbria University). For more information, refer to www.swinburne.edu.au/globalprograms
- (c) The fee for this program is based on a study load of 112.5 credit points per year.

(d) This program includes a compulsory summer teaching period.

(e) This course may be taken in accelerated format and completed in 1.5 years, in which case students pay the total course fee over this period. The fee for this program is based on a study load of 75 credit points per year.

(f) Students study at both Hawthorn and Prahran campuses.

(g) Plus \$250 enrolment fee. These fees are for 2011 only, and subject to change for 2012. Please see www.swinburne.edu.au/pyp for current fees.

How to apply

Follow these steps carefully to ensure your application is processed properly. If you need assistance with your application you can email our application adviser: international@swinburne.edu.au. Alternatively, you can visit a registered Swinburne representative in your home country.

For a list of Swinburne representatives see: www.international.swinburne.edu.au/contact/representatives

Step 1

Choose the course that suits your interests and career goals

- Review the list of courses in this publication.
- Visit www.international.swinburne.edu.au/courses to view full course details.
- Check for application closing dates: www.international.swinburne.edu.au/courses. Unless stated, there are no closing dates for Swinburne courses.

Step 2

Complete the application form

- Download the appropriate application form from: www.international.swinburne.edu.au/apply
- If you are applying for credit for your previous study/experience, you must complete the credit transfer section on the form.

Step 3

Attach the relevant documents to your application form

Relevant documents include:

- Certified copies of all your academic transcripts (with grading system) and testamurs. If your documentation is in a language other than English, an official certified translation must be provided.
- Details of work experience, if applicable.
- Certified copies of English proficiency test results (IELTS test score or equivalent), if applicable.
- Course or unit syllabus, if you are applying for credit.

Step 4

Read the student enrolment and tuition fee policy

This is available at: www.international.swinburne.edu.au/feepolicy

Step 5

Submit your application form and required documents

Fax, email or mail the completed application form along with the required documents to your registered Swinburne representative, OR:

Swinburne International
PO Box 218
Hawthorn Vic 3122 Australia

Email: international@swinburne.edu.au
Fax: +61 3 9818 3648

Step 6

Receive your offer via email

Swinburne will assess your application. If you are successful you will receive an offer via email. Please note, if you receive a conditional offer, you will be required to meet the condition/s outlined in your offer letter. Once you have done so, you will receive a full (unconditional) offer.

Academic requirements

See www.international.swinburne.edu.au/apply/entry-requirements for details of academic entry requirements. In most cases Swinburne will require that you provide final results, however may issue a conditional offer based on provisional results.

English language requirements

Swinburne requires satisfactory performance achieved in secondary school education (see table below). Visit our online course database for details of the English language requirements for specific courses: www.international.swinburne.edu.au/courses

	IELTS (Academic Module)	TOEFL		English for Academic Purposes (Level 5)
		Paper-based	Internet-based	
Foundation Studies and UniLink diploma programs	Overall 5.5 No individual band below 5.0	527 (minimum TWE 4.5)	71 (with no band less than 18)	Overall 60% (all skills 55% or above)
Undergraduate	Overall 6.0 No individual band below 6.0	550 (minimum TWE 5.0)	80 (with no band less than 20)	Overall 65% (all skills 60% or above)

Please note that IELTS and TOEFL results should be no more than two years old at the time of application to Swinburne.

You must be 17 years of age or over at the time of commencement of a Foundation program.
